

2025 Renewing the Mind Tour

the 5 R's of Ministry Transformation

Redemption~Repentance~Restoration~Reconciliation~Renovation

The Ministry of Wholistic Wellness Professional Biblical Counseling Network is looking for churches that would like to host a Biblical Mental Health Workshop for leadership, men, women, and youth (ages 11 to 17). Mental health should be a focus of healing in ministry due to a rise in suicide, addiction, and psychosis, that's also happening in the church at alarming rates, in which many are suffering in silence. It is our hope to strengthen the church (body of believers) through educating about how spiritual warfare effects the mind in hopes of healing hearts. The 5 R's of Ministry Transformation's vision is to transform the people of ministries to serve God with a healthy mind.
